

**Grant Program for Intellectual Exchange Conferences
Application Instructions**

For FY 2018

1. Program Description

This program provides grants to partially cover expenses for implementing international intellectual collaborative projects such as international conferences. The program is designed to deepen mutual understanding and establish closer relations between Japan and other countries while promoting global intellectual exchange.

Eligibility is not restricted to programs involving Japan and one other country; programs that involve Japan and multiple other participant nations are also eligible.

2. Eligible Areas

Worldwide, excluding 10 ASEAN countries (Brunei, Cambodia, Indonesia, Laos, Malaysia, Myanmar, Philippines, Singapore, Thailand, and Vietnam), the U.S., and Taiwan.

3. Eligible Projects

International intellectual collaborative dialogues such as international conferences, symposia, seminars, and workshops, which should be implemented and completed between April 1, 2018 and March 31, 2019, and where the themes must address to challenges that concern both Japan and other countries and participants from Japan must play a significant role in the dialogues. All project expenses from the Japan Foundation grant should be paid for by March 31, 2019.

* Some examples of the eligible themes are aging population and low birth rate, environment and energy, influence of science and technology on society, cultural diversity and multiculturalism, democracy and governance, and role of culture in diplomacy and international relations. Themes that involve the sharing of information and experience gained from the Great East Japan Earthquake, disaster prevention, reconstruction and restoration, and community redevelopment are also eligible.

Note: The following projects are not eligible for the program:

- a. Projects dealing solely with topics in the field of the natural sciences or technology;
- b. Commercial activities, missionary activities, political activities, and election campaigns;
- c. Activities in support of specific doctrines or claims;
- d. Sports activities, including the training of players and the organizing of or participation in sporting events;
- e. Procurement of equipment, or purchase of land;
- f. Capital fund and endowment drives; debt reduction; donations; public-relations campaigns; advertising; creation or support of awards or grants;
- g. Design, construction, or maintenance of buildings or monuments;

4. Eligible Applicants

(1) Applicants must meet the following requirements:

- a. Non-profit organizations (e.g., universities, research institutes, and NGO/NPO) in any country except for 10 ASEAN countries and the US.
- b. Applicants must have the capabilities necessary for implementing the planned projects.
- c. The receipt of grants or support from the Japan Foundation must not violate any local laws, regulations, or ordinances.
- d. Applicants must already have a bank account in the organization's name, or open one in time, in order to receive grant money from the Japan Foundation.

(2) The Japan Foundation does not provide grants for:

- a. The Japanese government (including national institutions), Japanese local municipalities (including municipal schools and universities and other municipal institutions), Japanese independent administrative institutions, Japanese local independent administrative institutions, Japanese national university corporations (including national secondary schools), and lower branches of the above-mentioned organizations;
- b. Foreign governments, including their administrative organs and their embassies and consulates-general in Japan (exceptions being academic, cultural, or research institutes, such as universities and museums);
- c. International organizations to which the Japanese government makes a financial contribution;
- d. Organizations based in countries that do not have diplomatic relations with Japan.

Points to be noted

- Applications from individuals will not be accepted.
- Organizations that have continually received support from this program for the past three fiscal years will not be provided with grants unless the Japan Foundation believes there is a compelling reason for them to continue receiving such support. This is a measure to avoid giving ongoing support to the same applicants, and to distribute grants to as many applicants as possible. If one does apply for a fourth consecutive fiscal year, low priority will be placed on such an application.
- Even if an applicant submits applications regarding the same project to multiple grant programs of the Japan Foundation or the Foundation's overseas offices, the project shall not be awarded multiple grants.
- As for organizations in Taiwan considering application, please contact the Japan-Taiwan Exchange Association (JTEA), Taipei office. (The Japan Foundation cooperates with JTEA on Taiwan projects.)
- If an organization in Japan is planning a project with Taiwanese organizations or scholars, please contact the Japanese Studies and Intellectual Exchange Department of the Japan Foundation before submitting a proposal.
- In case of a grant application related to Korea, it is not permitted to receive grants from both the Japan Foundation and the Japan-Korea Cultural Foundation for the same project.

5. Grant Coverage

- (1) The Japan Foundation provides grants to partially cover the expenses paid for the following budgetary items during the period of grant.
 - a. Traveling costs (international airfares and other transportation expenses, daily allowances, and accommodation fees)
 - b. Honoraria (for paper presenters, lecturers, interpreters, etc.)
 - c. Other expenses (for venues, equipment, conference materials, public relations, etc.)
- (2) The Foundation's grant cannot be used for the following items:
 - a. Salaries and social welfare expenses for the regular employees of the applying institution
 - b. Banquet and entertainment fees

*The grant amount will be decided upon consideration of each project's scale and necessity. Grants made in recent years averaged around 2,000,000 Japanese yen, but the actual grant amount may be lower or higher than this amount. If requesting a much larger sum than this approximate average, the applicant should be prepared for two eventualities: (a) the project may be rejected since it is deemed to be beyond the resources the Japan Foundation has to support; or (b) the

project may be supported but at a much lower level than requested.

6. Selection Policy

- (1) Applications will be assessed and selected from the below perspectives. However, final decisions will be made by comprehensively assessing the theme of the project, objectives, participating nations, participants, and various other factors and thus the below criteria may not have to be satisfied in its entirety.
 - a. Is the project relevant to social interests and would its outcome be beneficial to society?
 - b. Are the participant nations appropriate for the chosen theme and project objectives? (Applicable to projects involving both two and multiple countries.)
 - c. Are the perspectives and fields of expertise of the participants sufficiently diverse and not limited to a narrow field?
 - d. Does the project encourage the involvement of young participants, and anticipate the formation and expansion of new relational networks?
 - e. Does the project lead to increasing Japan's intellectual international contributions? For instance, does it lead to the utilization of Japan's experience, knowledge or human resources?

- (2) Applications will also be reviewed from the viewpoint of content (necessity, novelty, innovativeness, timeliness, feasibility and social and scholarly impact) and structure (state of preparation, validity of budget and applicant's prior experience).
 Furthermore, the balance of the involvement of individual nations or regions in consideration of the Japan Foundation projects, contributions to diplomatic anniversary projects and contributions to diplomatic relations in general are also important factors of the selection procedure.

- (3) Lower priority is given to:
 - a. Academic societies' conferences that take place periodically, mainly aiming for researchers' exchange within a specific field;
 - b. Projects in which total support is sought from the Japan Foundation (the program prefers to share the costs of supporting a project);
 - c. Projects based on existing partnerships, such as agreements between universities and sister institution relationships.

7. Application Procedures

- (1) An application must contain the following components and should be arranged in this order.
 - A. Application Summary Form (use designated Form)
 - B. Project Budget Form (use designated Form)
 - C. Narrative Description of the Project
 - D. Supplementary Information

Two (2) copies of each application should be submitted. (One (1) copy is enough for applicants in Japan.) Since we may need to make additional copies, we ask that applications **not be bound**. An application missing any of the required elements will be considered incomplete and therefore ineligible for consideration.

For details, please refer to the "Application Instructions" beginning from page 7.

- (2) Applications should be submitted to the Japan Foundation overseas office or the Japanese diplomatic mission in the applicant's country. Applicants in Japan should apply to the Japanese Studies and Intellectual Exchange Department of the Japan Foundation Headquarters directly. (Please see page 6 for domestic contacts.) Applications will be accepted by regular mail or express delivery service, but will NOT be accepted through the Internet and by fax.

- (3) Applications must be submitted **no later than December 1, 2017**.

- (4) Once submitted, Applications and Supplementary Information shall not be returned. Please make sure to set aside a copy for yourself.
- (5) When applicants require acknowledgment of receipt of the application, they should enclose a self-addressed postcard with the application, on which applicants should write the following:
“The name of the program: Grant Program for Intellectual Exchange Conferences. Please send us acknowledgment of receipt of the application.”
The postcard will be returned with the signature of the officer-in-charge at the Japan Foundation’s overseas office or the Japanese diplomatic mission to acknowledge receipt of the application. However, please note that a postcard that lacks the above information or the necessary postage will not be returned.

8. Selection and Results Notification

- (1) Overseas applications will initially be examined by the Japan Foundation overseas office, or the Japanese diplomatic mission in the applicant’s country. Those in charge overseas may decide at this stage to return applications that are clearly ineligible or incomplete. Otherwise, the applications will be forwarded to Tokyo, where, together with those from Japanese institutions, they will be screened by the Japan Foundation Headquarters.
- (2) Proposals may be reviewed with the confidential assistance of specialists.
- (3) During the screening process the Japan Foundation’s staff may ask the applying organization questions as the need arises.
- (4) Applicants will be notified of the results of the screening in April 2018 through the Foundation overseas office or Japanese diplomatic mission to which the application was originally submitted. Applicants in Japan will receive the results by mail from the Japan Foundation in Tokyo.
- (5) In the FY 2017, 23 grants were successfully awarded out of 77 applications. Because of the volume of applications we receive, we do not make specific comments about the screening process or provide reasons for not accepting a specific application.

9. Grant Listing in the Past

Please refer to the following website for the grant listings in the past. For those who do not have access to the Internet, please contact the local offices of the Japan Foundation, or the Japanese diplomatic mission in the applicant’s country. 11. Obligations

- (1) Programs of the Japan Foundation are operated in accordance with the relevant Japanese laws and regulations of the Japan Foundation including the “Law for the Proper Execution of a Budget Relating to Subsidies” (Law No. 179 of 1955).

- (2) The Grantee shall acknowledge the Foundation's financial support when the Grantee publicizes the Grant Project.
- (3) The grantee shall submit the Final Project and Financial Reports about the activities and expenditures upon the completion of the project.
- (4) The Japan Foundation does not tolerate any fraudulent activity of applicants during the application process and throughout the grant period. Once a grant has been provided, committing any form of fraud with regard to the Japan Foundation grant funds could result in penalty measures such as revocation of decision to provide a grant in whole or in part, required return of the rescinded portions of the grant including additional charges, late payment charges, suspension of the grant for a certain period of time, and/or other legal actions.

12. Disclosure of Information

- (1) Details of projects supported by the Japan Foundation (e.g., the name of the applicant and project descriptions) will be made public in the *Kokusai Koryu Kikin Jigyo Jisseki* (Detailed Annual Reports of the Japan Foundation), on the Japan Foundation's website and in other public-relations materials.
- (2) Upon receiving a request for information disclosure based on the "Law Concerning the Disclosure of Information Held by Independent Administrative Institutions, etc." (Law No. 140 of 2001), the Japan Foundation will disclose materials such as submitted application forms (unless stipulated by laws as not to be disclosed).

13. Handling of Personal Information

- (4) There may be cases in which the project reports and other related publication are released to the public.

14. Ensuring the Necessary Safety and Security of Projects
